Give it a go  
What's your name?  
How'd it go?  
Turn away

Push you now  
What you need?  
It's the light  
Give it a go, it's the scene  
Such a

Give it a go  
What's your name?  
How'd it go?  
Turn away

Push you now  
What you need?  
It's the light  
Give it a go, it's the scene  
Such a

What's the word  
On the street?  
Day and night  
City heat

Got no name  
No defeat  
It's the light  
Give it a go, it's the scene  
Such a

Give it a go  
What's your name?  
How'd it go?  
Turn away

Push you now  
What you need?  
It's the light  
Give it a go, it's the scene

Such a little thing baby  
Little thing baby  
It's such a little thing  
It's such a little thing baby

Give it a go  
What's your name?  
How'd it go?  
Turn away

Push you now  
What you need?  
It's the light  
Give it a go, it's the scene  
Such a

What's the word  
On the street?  
Day and night  
City heat

Got no name  
No defeat  
It's the light  
Give it a go, it's the scene  
Such a
