People

People

People

Just like Jackie O.

The models in Vogue

Always looking over or down to you

Those mysterious looks

Straight out of a book

They don't teach you that kind of thing in school

When you're around them

Don't you feel like a fool

They make you look bad whatever you do

Cool people

Are amazing

So 'au fait' in every way

If you wanna be hip

Just let your ego trip

And be cool people

People

People

People

It just isn't fair

They know what to wear

And you spend the day in the dressing room

They're two hours late

Always making you wait

But you dare not say how it bothers you

Don't you wanna just lay down and be

Sheer perfection every time

Cool people

Are amazing

They've got that certain 'Qu'est que c'est'

So if you wanna be hip

Let your ego trip

And be cool people

People

People

People

Religiously in the mirror

Their truer nature

Couldn't be any clearer now

They keep you guessing  
Never give too much  
They look good  
Even better if you don't touch  
When you don't have anything to say  
You can always put on your shades  
Cool people  
Are amazing  
So 'au fait' in every way  
If you wanna be hip  
Just let your ego trip  
Be cool  
Cool people  
Are amazing  
They've got that certain 'Qu'est que c'est'  
So if you wanna be hip  
Let your ego trip  
And be cool people  
People  
People  
People  
If you wanna be hip
