Why, oh, why do you treat me like you do?  
When you know deep down  
In your heart, baby, that I still love you

And baby, if you still wanna go  
There ain't but one more thing  
That I want you to know, baby  
Oh my baby, that I still love you, yes I do

I get up in the mornin'  
Just before the sun comes up, and I go to work  
Just to prove to you how much I love you  
Oh, I love you but it still don't do no good  
You treat me like dirt

And baby, just before you go  
There ain't but one more thing  
That I want you to know, baby  
Oh, my baby, that I still love you, yes I do

Well, I gave you all my money  
You ate my food and you got fat  
And now you say you wanna leave me  
Well, baby, I ain't goin' for that

Woh baby, go on and leave me  
Leave me so all alone and blue  
'Cause you know I'm still gonna love you  
And I don't care what you do

Well, I gave you all my money  
You ate my food and you got fat  
And now you say you wanna leave me  
Well, baby, I ain't goin' for that

Woh baby, go on and leave me  
Leave me so all alone and blue  
'Cause you know I'm still gonna love you  
And I don't care what you do

Well, I still love you, baby  
And I don't care what you do

Oh, I still love you, baby  
And I don't care, I don't care what you do

Well, it's alright, baby  
Now, it's alright, baby  
It's alright, baby
