Hopeless love  
And faded flowers  
Sleepless nights  
And empty hours  
Jealousy  
And hungry eyes  
I'm telling you why why why  
women cry.

Innocent victims  
And broken hearts  
Happy endings  
And old post cards  
Hurting looks  
And long goodbyes  
I'm telling you why why why  
women cry.

Love letters with lipstick stains  
Old couple walking in the rain  
Sad movies where hero dies  
Dusty pictures and alibis.

Love letters with lipstick stains  
Old couple walking in the rain  
Sad movies where hero dies  
Dusty pictures and alibis.

Sad songs  
And sudden danger  
Cold betrayal  
And helpless anger  
Babies' kisses  
And lovers lies  
I'm telling you why why why  
women cry.
