[Chorus:]

Bounce Bounce Bounce
Try to keep it outta your mind
It's said and done
It's over leave it all behind
It's too late
No turning back but it's alright
It's said and done
So go ahead baby just bounce

Used to hide
Used to do
A lot of things you never liked me to do
Was your fault?
Guilt is mine
Tell me who's the one to blame this time
It's alright
I'm not afraid
To go on my own, to follow my way

My girls kept telling me you weren't the guy
I never believed them
Right now I've changed and this time around
All I'm gonna do is...

[Chorus:]

Sorry we kissed
Not sorry for this
You broke me into pieces I cannot fix
What do you mean
When you say
That you love me (love me, love me)
I can't hear
I can't get
The words you say just mess with my head

My girls kept telling me to carry on
I thought I would die without you
I'm still alive and I'm singing this song
I'm not feeling blue

[Chorus:]

Bounce bounce bounce
Bounce bounce bounce
Bounce bounce bounce

Used to do
A lot of things you never liked me to do
Was your fault?
Guilt is mine
Tell me who's the one to blame this time
It's alright
I'm not afraid
To go on my own, to follow my way

[Chorus:]
