Waking up with you
Was a dream come true
Catching me by surprise I'm in love at last
Nothing in the past Has ever felt so nice

But a shadow lies
Over your eyes
Every time they're smiling at me
Sometimes bothering you
But it's sometimes that I can't see

Tell me why
My love is making you cry
Tell me why
You need me and still wanna say
Goodbye why y
Oh no why y
Tell me why

I am oh so sure
Something happened before
That's bringing about all those tears
But while that memory
Is a mystery
I can't get rid of your fears

And each wonderful day
Those shades of grey
Will emerge to dim your heart
Please let me in on this
It is tearing our world apart

Tell me why...
