Sometimes I wish I were like water
Sometimes fierce, sometimes kind
I'd be born in the mountains,
All the seas would be mine

Sometimes I wish I were the clouds
Sometimes black, sometimes white
When I cry, there'd come showers
I would blend with the night

La, la, lei ... till the end of the world (4x)

Sometimes I wish I were from Mars
Looking at you , staring down
I would flirt at you from far, far away
I would never let you down

Sometimes I wish I were in colours
Red and green, maybe blue
I would be like a rainbow
I'd keep smiling at you

Sometime I wish I were a flower
Maybe a rose of a daffodil
I'd waiting in the garden
For the day you'd pick me too.

La, la, lei ... till the end of the world (4x)

Sometimes I wish I were the stars
All alone, way up high
I will sparkle from far away
I will just be a guide

La, la, lei ... till the end of the world
