Baby, I love you
Honey, yes I really do
You know, I love with all my heart, hon',
With all my heart and with all my soul,
Yes, I really do

Darling, you've gotta believe me,
I love you
Sugar, I love you so,
With every bleeding drop of my heart
And if you would ever choose to part from me honey,
You know, you know it would shatter my heart

Baby, I've got to convince you
I've got to convince you that it's really true
That I love you
Down to the very tips of my toes
And if you would ever, ever, consider moving away
from me hon
I will swear to you that wouldn't know where I would
ever, ever, ever, ever go

Sugar, don't you hear me calling
Baby, you've got to know that it's true
'Cause when I say that I love you with every bleeding
drop of my heart baby
You know that every word is true
C'mon honey, believe that every word I say is true
And sugar come on and take me
You've gotta stay with me
I really love you, yes I do...
