"Design In Quick Rotation"

Visit "[Design In Quick Rotation](#)" on MotoLyrics.com

It's an irregular way of walking through airplanes
oil cubicles and vinegar in the rain
light and chronology
compressed urban memory

you smile in your sleep while your flowers grow wild
corn fields and trucks like sleeping crocodiles
sparrow on a silver screen
love and psychology

close your eyes
it's going out on printer number fifty
abandoned model home communities
your heart beat putting me to sleep
it's design in quick rotation
