Think tank  
help me out here  
think tank  
nap time  
strawberries travel in the wintertime  
developer  
standing up on the hill  
helicopter view  
he just does not have a clue

try too hard not to try  
your brain turns into steam  
high plane light makes you clean  
float down the river on a tube fall off  
your dog's gonna wanna get back on

cement tree  
furniture  
cement tree  
three scoops  
vitamin water and yellow hoops  
bar code  
smoke in knoxville  
they told me  
about that too  
don't worry, it'll all come together soon
