And I know it's not to get away from me
You just need a change of scenery
So strange how everything went wrong so fast
And I hope that this confusion does not last

'Cause these words might be too little, too late
And I'm afraid that I have already lost you
Now three months equals eternity and this will be so
hard
And I will long to hold you in my arms

And when you ask, do you love me
I should reply with, yes, most certainly
I always hesitate, there's something lingering
I will try harder to be all that I can be

These words might be too little, too late
An' I'm afraid that I have already lost you
Now three months equals eternity and this will be so
hard
And I will long to hold you in my arms
