O' sister
What's wrong with your mind?
You used to be so strong and stable

My sister
What made you fall from grace?
I'm sorry that I was not there to catch you

What have the demons done?
What have the demons done?
With a luminous lie that once shined from your eyes
What makes you feel so alone?

Is it the whispering ghost that you fear the most?
But the blackness in your heart, it won't last forever
I know it's tearing you apart but it's a song you can
wither

O' sister
Those lines that's in your hands
Their hardened and rough, like a road map of sorrow

My sister
There is a sadness on your face
Your like a motherless child whose longing for comfort

What's running through your veins that's causing you
such pain?
Does it have something to do with the pills they gave to
you?
What is eating at your soul?

Was it the whispering ghost that left you out in the
cold?
But the blackness in your heart won't last forever
I know it's tearing you apart but it's a storm you can
wither

Ooh, ooh, ooh, hmm

O' sister
My sister

O' sister
My sister
