So now your not there
But your ghost
Still burns in the air

And finally, above us the waves,
have come to take you away.

And with this song
I'll say goodbye
And thank you for
What you've done to my life

And finally, I'll sing it with love,
I hope you're at rest
In the stars above

And I don't understand
What you would die for
We still could have given
So much more

And I know you were something I could never be
I know you're still there watching over me
Now, now, now
