Check the scene, there's you and me, things are  
getting heated  
Please let me fulfill your needs, I'm sure that you'll  
enjoy it.  
Come in close, and let me know, how to make you lose  
it.  
Feel the flow till you explode, see how long you can  
take it.  
Ohhh, this aching, ohhh this waiting, stop the teasing,  
don't be timid  
Let your fingers touch my body and show me that you  
want me  
The frustration and temptation, I see your anticipation  
I'll make you see some constellations, so baby why are  
you waiting  
Tell me do you like fçâ, -Ã,Â!

Do you like this thing between you and I, make you feel  
it up  
And down your spine  
Just know that we're breaking all the rules  
I wanna put my hands on you, baby let me see your  
birthday suit  
Just know that we're breaking all the rules

It's your road, go fast, go slow, do whatever pleases

It's your show, so can I go? I'll star in all your sequels  
It's the spirit that's inside of your kiss, could not get  
any stronger  
Still I'm not scared to go downstairs, so tell me what  
you'd like  
For me to do

You know what you can do? I want you to relax  
Just relax, give in, unwind, keeping in time with the  
song  
And the lines  
I am here to flip your dime, when you get yours, baby  
then  
I'll get mine. Close your eyes, exhale and breathe, do I  
make you feel heavenly

Why don't we do this thing, its all in me.
