Whenever you're lonely
I'll be the one, you can call me
Just say the word, I'll come running
Don't worry girl, you can call me
Just know that I don't ever plan on leaving you
Cus you're my heart, the one i sing this to
It's alright, baby, don't worry
You can count on me
Day or night, rain or shine, you can call me

I know that you feel unloved,
You're stressing yourself too much
You say I'm not around, I'm only out of town
Trying to make a better life for me and you, girl
But you should already know
I have you in mind when I'm away, baby
Sitting beside the phone
Just pick it up and hear me sing to you

I'm a million miles away and all that I can say
I wish that I was there beside you
I miss the games we used to play
Your kisses on my face
Even though I'm far away I'm with you

Whenever you're lonely
I'll be the one, you can call me
Just say the word, I'll come running
Don't worry girl, you can call me
Just know that I don't ever plan on leaving you
Cus you're my heart, the one i sing this to
It's alright, baby, don't worry
You can count on me
Day or night, rain or shine, you can call me

I know it's incredible how we're so compatible
You know just what to say
Right before I say what I'm thinking about
It's kind of tripping me out
My love is meant for you
Somehow I know you feel the same way babe
There's nothing I wouldn't do

I'd crawl on my hands and knees to get to you

I'm a million miles away and all that I can say
I wish that I was there beside you
I miss the games we used to play
Your kisses on my face
Even though I'm far away I'm with you

Whenever you're lonely
I'll be the one, you can call me
Just say the word, I'll come running
Don't worry girl, you can call me
Just know that I don't ever plan on leaving you
Cus you're my heart, the one i sing this to
It's alright, baby, don't worry
You can count on me
Day or night, rain or shine, you can call me

I'm wanting to talk to you
I miss you, I need you
I love you.. I love you
Can't do this without you
Come kiss me, come hold me
Console me to love me

Whenever you're lonely
I'll be the one, you can call me
Just say the word, I'll come running
Don't worry girl, you can call me
Just know that I don't ever plan on leaving you
Cus you're my heart, the one i sing this to
It's alright, baby, don't worry
You can count on me
Day or night, rain or shine, you can call me
