Seems like I've waited a Lifetime
Too put myself up on the spot
To show the world just what I've got
In my soul

But it was never the right time
no
Too step on the leap of faith
So I decided that today
I will go oh

Chorus
And so now I'm
On a Mission for a dream
I'm gonna wish upon a star
Way out there
Yes I'll go
No matter how far it may seem
It's right here inside my heart
That's where I'll be
On a mission for a dream

It's been a prison in my mind
Waiting for my destiny
But it was waiting there for me
All along
I could not find noooo
What could feel the void in meee

Till I looked inside too see
who I was

Chorus

I'm ready now to swallow
my fear stages
They got in the way
and now I'm stronger
I forget about all of those fear stages
Pushed it away
I filled the hunger
The feeling inside

I realized
It was me who was blind
But now I see
I see
No I see

Chorus
