Our God is Lord of all

We were created to worship our God  
We were created to fall in love  
And now we sing  
Before the Great I Am  
Come on and lift your voice  
As loud as you can

(chorus)

Our God is Lord of all  
Lord of all wonder  
Lord of all beauty  
Lord of eternity! Lord of all

Who could search out  
The greatness of God  
Yet we awe in the depth of His love  
And now we're dancing  
For the Great I Am  
Come on and lift your voice  
As loud as you can
