Put your pain aside  
It's not the end of time  
From where I'm standing

Come outside  
Before you come undone  
We'll take a drive  
So you can breathe

The West coast wind tonight  
Whispers under the starlight  
Tomorrow's a new day

You've beat this before  
And you can once more  
'Cause you're not stranded

Kiss goodbye  
The shadow you're under  
And take some time  
To get free

The West coast wind tonight  
Whispers under the starlight  
Tomorrow's a new day

Before the morning breaks  
We'll make a quick getaway  
Tomorrow's a new day

The pressure's been pushing down on you  
Your mind can't make up what to do  
It has been tugging at your sleeve

When all that you need is to be calm, calm  
When you feel it coming on  
When you feel it coming on

The West coast wind tonight  
Whispers under the starlight  
Tomorrow's a new day

Before the morning breaks  
We'll make a quick getaway  
Tomorrow's a new day
