Now you say you never had nobody  
Hold the door for you  
A real dude to act like  
He's proud to be with you  
Take you all around the world,  
Take you on a cruise  
Give you credit cards when you're in the shopping  
mood  
Treat you like V.I.P.  
Take you out in limousines  
Show you all the finer things  
That I know you shouldve seen  
See that's what I'm here for  
Girl I know just what you need  
Is somebody like me

You have been in relationships  
But never had it quite like  
Like me, Like me  
And I know you can't believe  
That you finally got someone like  
Like me like me  
Not a real thug brotha showin up on the scene  
You realizing that you  
Never had it like you're supposed to be  
I can tell by the how you look at me  
That you aint never had no one like me

Say you never had a dude  
To sit and listen when you speak  
A Stand up guy  
Who not afraid to go ahead and take the lead  
Spoil you, hold you, shower you with luxury  
Give you anything you want  
Babygirl it's guaranteed  
You want a mansion? Bently?  
Really aint a thing to me  
Say no more, girl I'm on my J.O.B.  
And I realize I'm all you need  
Is somebody like me

You have been in relationships

But never had it quite like  
Like me, Like me  
And I know you can't believe  
That you finally got someone like me  
Not a real thug brotha showin up at the scene  
You realizing that you  
Never had it like you're supposed to be  
I can tell by the way you look at me  
That you aint never had no one like me

Whenever you need me,  
Girl I'll be your soldier  
Don't have to worry,  
Cos I'm ridin for ya  
Know what you're used, wanna assure you  
That it's never gonna be the same  
My money my time it's yours  
My mind and my heart it's yours  
I wanna make a difference in your life Girl  
Aint commitment  
I know that you're with it

You have been in relationships  
But never had it quite like  
Like me, Like me  
And I know you can't believe  
That you finally got someone like  
Like me like me  
Not a real thug brotha showin up on the scene  
You realizing that you  
Never had it like you're supposed to be  
I can tell by the how you look at me  
That you aint never had no one like me

You have been in relationships  
But never had it quite like  
Like me, Like me  
And I know you can't believe  
That you finally got someone like  
Like me like me  
Not a real thug brotha showin up on the scene  
You realizing that you  
Never had it like you're supposed to be  
I can tell by the how you look at me  
That you aint never had no one like me
