Sad eyes,
I can tell youÂ're thinking honey
I can see it in the back of your mind, yeah
ItÂ's a cold night
I got cocaine, gin and money
LetÂ's take it to the back of my ride, yeah
So you want to call me daddy
Girl you can call me anything you like
Ooh, you Â're so fine

YouÂ're going to push me baby,
Right to the edge of right and wrong, alright
YouÂ're going to push me baby,
Right to the edge and go beyond, and youÂ're right,

IÂ'm a bad guy
I can tell youÂ're thinking honey
I can see it in the back of your mind, yeah
ItÂ's a cold night
I got cocaine, gin and money
LetÂ's take it to the end of the line, yes

YouÂ're going to push me baby,
Right to the edge of right and wrong, alright
YouÂ're going to ride it baby,
Right to the edge and go beyond, thatÂ's right

Love... give me... sin... with me...
blood... pumping... lust... in your eyes
