My baby love me in an elevator  
We don't need to be dignified  
You can see your friends a little later  
But c'mon baby, take a little ride

We go up, we go down  
It's okay, we're shakin' it a little bit  
We go up, we go down  
Moment of a lifetime

My baby love me in a aeroplane  
Shake that booty from side to side  
Hear the mass as they complain  
"How long has that been occupied?"

We go up, we go down  
It's okay, we're shakin' it a little bit  
We go up, we go down  
Moment of a lifetime

Hey hey, we're all around town  
Try a new thing, go up and go down  
On your mark, get set, now go  
So turn up the radio

Hey, hey, hey, hey

My baby love me in a NASA station  
I hope that shuttle is a double-wide  
We don't need to give you information  
This here mission is classified

We go up, we go down  
It's okay, we're shakin' it a little bit  
We go up, we go down  
Moment of a lifetime

Hey hey, we're all around town  
Try a new thing, go up and go down  
On your mark, get set, now go  
Hey hey, we're all around town

Try a new thing, go up and go down  
On your mark, get set, now go  
So turn up the radio

Hey, hey, hey, hey

Now my baby bought a waterbed  
The greatest thing we'd ever seen  
Now we don't sleep, oh no instead  
We treat it like a trampoline

Cuz we go up, we go down  
It's okay, we're shakin' it a little bit  
We go up, we go down  
It's okay, we're breakin' it a little bit  
We go up, we go down  
We start to get a little wet  
We go up, we go down  
Moment of a lifetime
