Crushing resistance, inflicting pain
Fierce devotion, reign of terror
Draconian measures, sealing their fates
Proudly displaying monuments in blood
Warschau
Warschau
Warschau
Overkill supreme, bloodletting
Sacrifice, blood is the price of victory
Iron claws descend, ruling with supremacy
Declaration of death, damnations pride
Eye for an eye, death for death
Panzerclaw retaliate, blood and dust
Annihilation, obliteration, cremation
Declaration of death, genocide triumphant
Crushing resistance, inflicting pain
Fierce devotion, reign of terror
Draconian measures, sealing their fates
Proudly displaying moments in blood
