I want to run around this wintry town
The snow it falls so gracefully
With cheery smiles that have no sound
The silence here it greets me
The pretty hour with gifts and snow

The sun shines bright this Christmas Eve
I'm skating in the icy snow
But you're not here to meet me

No you're not here to meet me

I wonder where my true love is
I wonder when he'll come
He'll linger close with our first kiss
The sweetest gift of all

That my true love gave to me

What my true love gave to me

Hand in hand we'll walk this path
While Christmas bells are ringing
Until that time I'll sit right here

Until then I will be singing

I wonder where my true love is
I wonder when he'll come
He'll linger close with our first kiss
The sweetest gift of all

That my true love gave to me

What my true love gave to me

What my true love gave to me

I run around this wintry town
The snow falls gracefully

I wonder where my true love is
I wonder when he'll come
He'll linger close with our first kiss
The sweetest gift of all

That my true love gave to me

I wonder where my true love is
I think I hear his call
I can almost feel his warm embrace
The sweetest gift of all

That my true love gave to me

What my true love gave to me

That my true love gave to me

That my true love gave to me
