Watch me burn that shit, burn that shit down
See me put that on the ground and let me piss that on

When I C walk all over your red flag shit
As you walk you see me play hide and seek
When I see your alone, that's when I kill you bitch

Look look look at me and what do you see
A crazy as Asian with a power to speak
Because I stick to the original I play by the book
Fuck the law and the rudeness and hear me cook

So believe when I say because I am with the PTC

And watch you crawl to the phone and call the police

Watch me roll with my homies you punk ass bitch
You fight in numbers; I fight alone like a terrorist shit
You we all can kill by groups, but I choose to kill alone
That's why my bitches calls me BK just to let you know
I might just kill you and throw you down in the ditch

And watch your blood spread around in the sewerage
