I never could explain
Life's mysteries
I try not to lose myself
In things too high for me
Never understood the moon and stars
Never understood the way Your love can heal a heart
Don't know the answer to
The miracle of You
Don't need to know it all
To make my life complete
You're all that I need
I trust in You to lead me
Wanna be right by Your side
I trust in You to lead me
Every single day for the rest of my life
I wasn't there when You
Poured out the seas
Was not around to teach
The angels how to sing
Never made the sun go up or down
Never took a broken life and turned it all around
I don't know the answer to
The mysteries of You
Don't need to know it all
To make my life complete
You're all that I need
I trust in You to lead me
Wanna be right by Your side
I trust in You to lead me
Every single day for the rest of my life
I trust in You to lead me
Every little step of the way
I trust in You to lead me
I will trust in You, I will trust in You
From Anchorage to Timbuktu
I just want to trust in You
To lead me
Take it like that, 'cause I mean it like that
From Africa to Tel Aviv
I want You to walk with me
Believe me
Take it like that, 'cause I mean it like that

I trust in You to lead me
Wanna be right by Your side, I wanna be
I trust in You to lead me
Every single day for the rest of my life
I trust in You to lead me
Every little step, every little step, every
little step along the way
I trust in You to lead me
I will trust in You, I will trust in You
