Do people ask you what you are  
Because you eyes  
and your hair are dark?  
Or you're not exactly white  
But I can't say "you're black"

Your friends say you are polite  
and the girls always got your back

I wondered what the look on their face ment  
I think you are asian adjacent

You might be a Mexican  
or a Cherokee  
Or perhaps you're just a nice racial potpourri

You got one of those faces  
And almond shanty eyes  
You could be from lots of places  
Like Alaska or Ha-Ha-Hawaii

I wondered what the look on their face ment  
I think you are Asian adjacent  
Asian Adjacent

You're busy, not complacent  
Is it because you are Asian adjacent?  
Asian adjacent

You're immigration must be resent  
You manners are so, so decent  
Sometimes you speak with a slight accent

Always eternally young  
You'll never look ancient  
You are racialy ambivalent  
Asian adjacent

I wondered what the look on their face ment  
I think you are Asian adjacent (x2)  
Asian adjacent

?????

Is it because you're Asian adjacent?
