"Big City"

I'm walking your streets again big city searching every
face that I see
Looking for my darling big city the one that you took
away from me

You lured him with your night life big city
To take him from me you know it was wrong
I'm searching night and day for him big city
Oh without his love I just can't go on
[trumpet - ac.guitar]
You took my love away from me big city stole him out
of my two lovin' arms
You know I'm gonna hate you big city if you brought my
baby any harm
So I'm walking your streets again big city...
