Well, I'm available to hold you tight
I'm available for Saturday night
I'm available and willing, it's true-oooh-oooh
Available to fall in lo-ove with you

Well, I'm available to take a chance
I'm available to start a new romance
I'll be agreeable cause I'm hopin' you-oooh-oooh
Will be available too-oooh-oooh

My heart tells me that you need a little lo-ove
So let's get started cause that's what I've plenty uh-uh-
of

I'm available for you to take me home
I'm available for sittin' all alone
Well, I'm available for a kiss or two-oooh-oooh
My lovable baby, I'm in love with you-oooh-oooh
