Superstitious grave robber
Keep your claws off me and mine
Lead the part, make 'em sick
Set fire to their eyes

If you wanna go
Get lost
If you wanna stay
Shut up

Superstitious rage monger
Keep your hands out of my tea
Tell me you love me and make it sweet
Get down on your knees

If you wanna go
Get lost
If you wanna stay
Shut up

I don't wanna say
Good luck

Superstitious grave robber
Keep your claws off me and

I'm not gonna say
I'm not gonna say
I'm not gonna say
Good luck

What I wanna say
What I wanna say
What I wanna say
Is get fucked
