When I get tired and a little lonely, the worlds turned
it's cold back on me
When I'm about to swear I ain't got a friend left to my
name
Instead of sinking a little lower I start making tracks on
over
To a place where the sun shines day and night and
where I know I'll hear you say

Come on in, baby take you coat off, come on in, baby
take a load off
Come on in, baby shake the blues off I'm gonna love
that frown away
Come on in, baby put a smile on, come on in, baby tell
me what's wrong
Come on in, the blues will be long gone I'm gonna love
your hurt away

When I feel a lonesome night coming on, every thing I
did all day went wrong
There's a black cloud following me around and I just
can't get away
Instead of sinking a little lower I start making tracks on
over
To a place where the sun shines day and night and I
know I'll hear you say

Come on in, baby take you coat off, come on in, baby
take a load off
Come on in, baby shake the blues off I'm gonna love
that frown away
Come on in, baby put a smile on, come on in, baby tell
me what's wrong
Come on in, the blues will be long gone I'm gonna love
your hurt away

Come on in, baby take you coat off, come on in, baby
take a load off
Come on in, baby shake the blues off I'm gonna love
that frown away
Come on in, baby put a smile on, come on in, baby tell

me what's wrong
Come on in, the blues will be long gone I'm gonna love
your hurt away
