Get in the mood.
Get in the mood
For me to come back in.
Tell me what you've been doin'
While i've been getting high
On prozac rock
In the summertime.
I need you, doll.
It never stops.

Get in the mood.
Are you in the mood
To move to pismo? And
Tell me what you've been doin'
'Cause i've been havin' dreams.
In one, we float on a riverboat
And drink down a bottle of glue.
In one, i float on a riverboat.

Prozac rock.
I got brazen speech.
I love your sister,
Fell in love with her teeth.

Get in the mood.
Are you in the mood?
That's all; it's over.

Prozac rock.
Prozac rock.
I don't believe you.
I need to see you.
And when we meet,
I'll kiss your feet.
I'll skin my knee.
Because your sister's sweet.
