I've got the answers that you want to hear  
Ask me the Question I want to make it clear  
What I'm trying to tell you here's where we start  
I love you with all my heart

Just two souls unfolding touching skin to skin  
One shining moment now you've let me in  
like a prayer that's been answered a light  
in the dark  
I love you with all my heart

You came out of my dreams and into my life  
Now I'm wrapped in your arms and I'm holding  
on tight  
Just keeping all my fingers crossed that we  
get it right  
Got a rivers of hope tonight

I want you completely nothing in between  
No other lover there's only you and me  
And if faith keeps us strong  
what can tear us apart  
I'll be true with all my heart  
cause, I love you with all my heart
