well it goes like this  
are you the subject to rumors you'd rather not repeat  
are you the blood recipient of the word on the street  
well it goes like this  
let us all be uncalled let us all make a ----  
and we could sort this whole thing out over honesty  
and drinks well it goes like this  
and all honesty don't you think it can get so subjective  
and surely doesn't memories suffer from being  
selective  
well it goes like this  
no mind should take no mind  
no brilliant detective  
see our dreams crumbling piece by senseless piece  
well it goes like this  
so we all go on, in our own way  
do we all know how to take mistakes  
well it goes like this  
we have so much material now that were trying to  
forget its an attempt to break and attempt to say things  
well regret well it goes like this  
but keeping your mouth shut just isn't fun around  
friends so that's how it ends here  
will i make myself clear  
well it goes like this  
so we all go, in our own way  
do we all know how to take  
well we all go, in our own way  
do we all know, how to take another mistake.

shake off bad days  
end in a comfortable place  
to break out break free  
take another take  
shake off bad days  
to end in a comfortable place  
to break out break free

well it goes like this  
well it goes like this
