Boy when you take my hand  
You whisk me off to another land  
You give me everythin without any fuss  
Your everythin i wanted but now theres just  
One thing missing and i dont want to say  
But i cant keep living like this day from day  
Your my love and your what i live for  
But hes my fling and what id die for

Chrus:

Thought id got over it  
Thought id passed the phase  
Thought everythin was normal again  
But i fell right back to my amaze  
Thought it was just a little game  
That satisfied me for awhile  
But now i got to tell you  
That im wanting someone else

I hate to have to tell you this  
That i think of him when we kiss  
I dont want to break your heart  
But the secret so big its tearing me apart  
You love me so much and i love you too  
But i dont feel complete,its me not you  
Im torn between 2 oppisite men  
Ive lost all hope ive lost all strength

Repeat Chorus

One has passion,One has lust  
One has romance,One has love  
The thought of being stable with one just makes me  
want the other  
But the thought of being played around makes me go  
back to the other  
Im so mixed up and confused about this i thought id  
got over the crush  
But the one that has lust and the one that has love  
Its gives me such a rush!  
But now its coming to a head and i cant carry this on

I have to let you both know,its been going for so long

Repeat Chorus (2x)
