You brought me up and taught me good  
You helped me so much and said i could  
Told me right and made me a lady  
You said anything was possible for me  
From when i was a little one you have shown  
Me how and never was i alone  
It was you who tucked me in at night  
Kissed me and hugged me o so tight

Chorus-

Words cant express,your the best and i need you  
Never left my side,always my guide and im here for  
you  
From chesnut ringlets to chocalate waves,its you  
everytime who had me saved  
Il never forget what youve done for me,im grateful for  
everythin youve learnt to me  
Il always be here never late on time,I love you so  
much,Mother all mine

We've been through everything together  
Me and you,connected,always and forever  
School plays,acheivments and celebration  
Youve been there for every single one  
I know im always going to have you  
To cry a tear on and talk about my issues  
Even though i dont show it sometimes  
I love you mum,i always have n your my life

REPEAT CHORUS

Words cant express what you mean to me  
No-one could ever ever love you more then me  
You and dad are my world i dont know what id do  
If i ever was to face this world without any of you  
I pray everynight and thank the lord above  
That i was blessed with so much love  
Im grateful and know that im so lucky  
To have such a warm and perfect family

So when i finally step out and walk my path alone

Graze my knee,bruise my arm and bang my bone  
That il stand right back up,shake it off and carry on  
Because ive been given the strength by my  
inspirational mum

REPEAT CHORUS

Talk:Mum i love you so much
