Rijekom bez imena,
Kao val,
Neka krene moja bol
Da te na?e

Ruz(o svih vjetrova,
Samo ja
Staze preko vode znam

Dan po dan i noc' po noc',
Ja zidam svoju bol
Kao most na rijeci
Za tobom

Ko jos(te voli ko ja,
ko te u dus(u zna,
tako bas(kao ja?

Tugo, nevjero
Moja nevoljo,
Kako da te vratim,
Da te zagrlim,
ko da je zadnji put,
rijeke suza da ti pozlatim

Tugo, nevjero,
Moja nevoljo,
Ja bih opet s tobom
Bilo gdje
Neka ide bol,
Na moju dus(u s(to
Za tobom umire

[English translation:]

On the river of sorrow
like a wave
My pain will go, to find you
somewhere

No wind or storm can

make me stay
The way across I know now

Day after day, night after night,
my pain grows
to build me a bridge
to take me to you

No one loves you like I do
no one can touch your soul
like I can, eternally

You are my pain
you are my sorrow
Just once more I want
to hold you so tight
like it's the last time
and forever my tears I'll cry

You are my pain
you are my sorrow
Just once more I want
to be with you
And let my heart ache
forever for you
With it I'll die
