(I can let go)
(oh yeah)
(I can let go)

The true you, everybody's looking for a way inside (oh yeah)
But you do everything you can to keep me from the light (oh yeah)

I've been stranded, thinking, let him get away with everything
He can't help himself, I know he tries
I was falling, sinking, never gonna be the same again
I don't want to fall with you

I can let go
Everybody sees I'm ready to
You don't know
Everybody has had enough of you
I can let go (yeah)
Everybody says don't play along
What do you know
Now that we've become so strong
I can let go (yeah)

Yes you, you were what I need and made me realise
(oh yeah)
That it's true, got to be the master of your own desires
(yeah)

I've been stranded, thinking, let him get away with everything
He can't help himself, I know he tries
I was falling, sinking, never gonna be the same again
I don't want to fall with you

I can let go (yeah)
Everybody sees I'm ready to

You don't know
Everybody has had enough of you
I can let go

Everybody says don't play along
What do you know (what do you know)
Now that we've become so strong
I can let go (yeah)

I've been stranded, thinking, let him get away with
everything
He can't help himself, I know he tries
I was falling, sinking, never gonna be the same again
I don't want to fall with you

I can let go (let you go)
I can let go
Let it go

I can let go (let it go)
Everybody sees I'm ready to
You don't know (you don't know)
Everybody has had enough of you
I can let go (yeah)
Everybody says don't play along
What do you know (what do you know)
Now that we've become so strong
I can let go
