It's only an emotion
Don't know what to do 'bout my heart
You tell me not to go there
But don't you ever dream 'bout a thing
That you can never have
You were always in control of
Every part of life
But you don't seem to get what I am all about
Didn't do you wrong
Baby, don't accuse me

Don't go telling me how to treat you
Don't be saying that I don't reach you
Don't be getting me wrong, I need you
But you have gotta make me feel

It's always an emotion
You don't know how to deal with your heart
Puts you in a nowhere
'Cause you would never go

Where you don't know what you're gonna find

I was never in control of
Any part of life
But I don't have to think to know what we're about
Never did you wrong
Baby, don't accuse me

Don't go telling me how to treat you
Don't be saying that I don't reach you
Don't be getting me wrong, I need you
But you have gotta make me feel
