She likes to read the Bible backwards  
Just to mess with his head  
She likes to paint by the numbers  
Using only red  
She like to sleep till eleven  
Underneath the bed

But when she blows him a kiss he receives it  
And he just can't resist her

Mona Lisa eyes  
(Each time he looks her way)  
He falls a little further every single time  
(She brightens up his day)  
When he looks into her Mona Lisa eyes

She likes to read from the menu  
Upside down  
She goes to all the family dinners  
With her clothes inside out  
Skinny dippin' in the winter  
In the fountain downtown

But when she touches his hand it's electric  
Nothing matches the effect of her Mona Lisa eyes

Mona Lisa eyes  
(Each time he looks her way)  
He falls a little further every single time  
(She brightens up his day)  
When he looks into her Mona Lisa eyes  
(Her love breaks all the rules)  
He turns inside out, everytime she smiles  
(She sends him to the moon)  
When he looks into her Mona Lisa eyes

There's more to her than just a smile  
She's not easy to describe  
Da Vinci almost got it right  
But he never saw her

(Each time he looks her way)  
(Each time he looks her way)  
Mona Lisa eyes  
(Each time he looks her way)  
He falls a little further every single time  
(She brightens up his day)  
When he looks into her Mona Lisa eyes  
(Her love breaks all the rules)  
He turns inside out, everytime she smiles  
(She sends him to the moon)  
When he looks into her Mona Lisa eyes
