The Rain
The Fall
My love, is right behind you

The Rain
The Fall
My love, is right behind you

The Rain
The Fall
My love, is right behind you

June, what are you crying for?
Soon, you had to end this war
The days are turning darker now
But hang on to that dream, some how

June, where are you going to?
True, the game got rough on you
Things have turned so sad inside
But hang on to the dreams you hide

On and On, the dark will find you
Rain, fall and clouds surround you
Carry on, my love's behind you
I know, I'll see you smiling

June, you better stand up girl
Soon, you had to face the world
I know you find her place some where
You put things back together there

On and On, the dark will find you
Rain, fall and clouds surround you
Carry on, my love's behind you
I know, I'll see you smiling

See you smile, smilin' again
See you smile, smilin' again
Oh oh yeah
I know you well
I know you well

The days are rolling faster now
Believe you'll find your peace some how

On and On, the dark will find you
Rain, fall and clouds surround you
Carry on, my love's behind you
I know, I'll see you smiling

On (the rain) and On (the fall), the dark (my love is right
behind you)will find you
Rain (The rain), fall (the fall) and clouds (my love is
right behind you)surround you
Carry on, my love's behind you
I know, I'll see you smiling

The rain
The fall
My love, is right behind you

The rain
The fall
My love, is right behind you

The rain
The fall
My love, is right behind you
