Someone should have warned me  
I was getting in to deep  
That I'd feel so weak  
That I'd lose my sleep  
Someone should have told me  
I should look before I leap  
That I'd fall behind  
That I'd lose my mind

Why do we break up  
Only to make up  
Gotta get out of this mess that we're in

Is there someone out there with a remedy?  
I need a cure to get out of this misery  
This love is so cruel  
Now I feel like a fool  
But finally I can see  
If you give me some time  
You'll be out of my mind  
When I find a remedy

Why did no one listen  
When I asked for some advice?  
Now I realized  
I must pay the price

I wish you could have told me  
That your head was somewhere else  
When you looked at me  
When you made me feel

Is there someone out there with a remedy?  
I need a cure to get out of this misery  
This love is so cruel  
Now I feel like a fool  
But finally I can see  
If you give me some time  
You'll be out of my mind  
When I find a remedy

Why do we break up  
Only to make up  
It's time to wake up  
Gotta get out of this mess that we're in

Is there someone out there with a remedy?  
I need a cure to get out of this misery  
This love is so cruel  
Now I feel like a fool  
But finally I can see  
If you give me some time  
You'll be out of my mind  
When I find a remedy
