Something 'bout your eyes  
That I can not forget  
Something 'bout your smile  
Makes it hard for me to sleep at night  
Something about me  
Doesn't work like normally  
Something about you  
That can't hold on to

Am I waiting in vain?  
Do I deserve this pain?  
When will i see you again?

Why did you talk to me " that day  
Why did you say those things " that day  
Why did you come to me " then walk away  
When there was something in the air  
Something in the way I meet you that day

Still can feel the way you looked at me  
And I wonder how you stole my heart completely  
Something in the way you would hold my hand  
That I believe that fate will bring you back to me again

Am I waiting in vain?  
Do I deserve this pain?  
When will i see you again?

Why did you talk to me " that day  
Why did you say those things " that day  
Why did you come to me " then walk away  
When there was something, something in the air

A guy like you belongs to somebody else  
A guy like you will never come back again

Do you think of me now  
Do you ever wonder how  
We can meet again, meet again?

Why did you talk to me " that day  
Why did you say those things " that day

Why can I not forget that day  
Why can I not find words to say  
Why did you come to me " then walk away  
When there was something in the air  
Something in the way I met you that day
