We pretended  
We pretended  
That our lives had ended  
That our lives had ended  
And we played among the stars  
And we played among the stars  
Let that play ground, turn into a space crusader;  
Let that play ground, turn into a space crusader;  
Together we would save the world  
Together we would save the world

Young children bonding into eternal friendship  
Young children bonding into eternal friendship

You will be my friend  
You will be my friend  
Nothing time can change  
Nothing time can change  
Together till the end  
Together till the end  
Memories will bond us;  
Memories will bond us;  
Together all the way  
Together all the way  
You're in my heart to stay,  
You're in my heart to stay,  
True friendship never dies  
True friendship never dies

In my mind, I will have your picture painted  
In my mind, I will have your picture painted  
Then I can always be with you  
Then I can always be with you  
Another time, another place, a new dimension  
Another time, another place, a new dimension  
We'll apart but never alone no no  
We'll apart but never alone no no

Different places, Getting older, Far apart  
Different places, Getting older, Far apart  
But you will always  
But you will always

You will be my friend  
You will be my friend  
Nothing time can change  
Nothing time can change  
Together till the end  
Together till the end  
Memories will bond us;  
Memories will bond us;  
Together all the way  
Together all the way  
You're in my heart to stay,  
You're in my heart to stay,  
True friendship never dies  
True friendship never dies

I'll be there  
I'll be there  
Whenever you're in need  
Whenever you're in need  
I'll take you through the fear  
I'll take you through the fear  
Like I know you would for me  
Like I know you would for me  
If you ever lose your way, I'll be your guide  
If you ever lose your way, I'll be your guide  
Coz I'm your friend forever  
Coz I'm your friend forever

You will be my friend  
You will be my friend  
Nothing time can change  
Nothing time can change  
Together till the end  
Together till the end  
Memories will bond us;  
Memories will bond us;  
Together all the way  
Together all the way  
You're in my heart to stay,  
You're in my heart to stay,  
True friendship never dies  
True friendship never dies

Nothing time can change  
Nothing time can change  
Together till the end  
Together till the end  
Memories will bond us;  
Memories will bond us;  
Together all the way

Together all the way  
You're in my heart to stay,  
You're in my heart to stay,  
True friendship never dies  
True friendship never dies

Nothing time can change  
Nothing time can change  
Together till the end  
Together till the end  
Memories will bond us;  
Memories will bond us;  
Together all the way  
Together all the way  
You're in my heart to stay,  
You're in my heart to stay,  
True friendship never dies  
True friendship never dies
