The story of a girl,  
Who's been around the world, and seen it all  
Waiting for a break  
A way to stop the ache  
And keep her hope

Everybody know's that lonely place  
It makes you wish you could be somewhere else

Everytime you stumble to the ground  
Lose your way, and fall behind  
Just take a deep breath, and try again  
Everytime you let it get you down,  
The world is laughing at your frown  
Oh yeah, you just gotta try again

Somebody stole a part  
From the broken heart  
She hides from us  
And she's out of faith  
It's a little late for promises

Everybody know's that lonely place  
It makes you wish you could be somewhere else

Everytime you stumble to the ground  
Lose your way, and fall behind  
Just take a deep breath, and try again  
Everytime you let it get you down,  
The world is laughing at your frown  
Oh yeah, you just gotta try again

Runaway from the rainy clouds  
Runaway from the pain and doubts  
No escape from the rain inside  
So turn around, and try again

Everytime you stumble to the ground  
Lose your way, and fall behind  
Just take a deep breath, and try again  
Everytime you let it get you down,  
The world is laughing at your frown

Oh yeah, you just gotta try again

Everytime you stumble to the ground  
Lose your way, and fall behind  
Just take a deep breath, and try again  
Everytime you let it get you down,  
The world is laughing at your frown  
Oh no, you just gotta try again
