On walkers ridge love is not enough
And time keeps tickin' on without us
Hand in hand the gods will ignore

Confused the rain, here comes your face
A strange one with familiar traces
Silver tears you left there before

Now will you fall into a different world
Where I'd be the only one?

And I've only missed you to pick my locks
And try to guess who's come around and who's stayed
And I've tried to stay alive, I cry myself to sleep every
night
Dreamin' to recapture the faces you made

I've got two pills in the usual drink
And I'd be the only one

'Cause you drive me crazy
You know that you do
It hurts that you won't be mine
'Cause you drive me crazy, crazy

On walker's ridge time is not enough
To burn the houses down lookin' up
Eye to eye the gods will recognize

You left a trail of tears behind
And all the streets end up intertwined
So walker's ridge is where I will die

I've got two pills in the usual drink

'Cause you drive me crazy
You know that you do
It hurts that you won't be mine
You drive me crazy, crazy

Crazy, you know that you do
It hurts that you won't be mine

You drive me crazy
You drive me crazy, crazy

On walkers ridge, love is not enough
And time keeps tickin' on without us
Hand in hand the gods will ignore
