Always walking around like you're so cool
And I must admit even you had me fooled
One year later on I wonder why
It's taken me this long
Just for me to say goodbye
I know it's a dirty job
But someone's got to do it but maybe
You're so thick in that head of yours
That nothin' will ever get through it baby
You're so good 4 nothin'
You better get better at doing somethin'
You ain't done a damn thing lately
You couldn't even drive me crazy
Don't make a difference if I shout it
So sad I laugh about it
It's so bad that baby you're so good
You're good 4 nothin'
Now I don't mean to over criticize
But I've had better conversations with someone
lobotomized
And I'm not sayin' I've done nothin' wrong
It takes two to make just one mistake
And now I'm movin' on
I know what you're all about
And it ain't much I'm sorry baby
I'm just goin' somewhere else
There's no place left where you can take me
You're so good 4 nothin'
You better get better at doing somethin'
You ain't done a damn thing lately
You couldn't even drive me crazy
Don't make a difference if I shout it
So sad I laugh about it
