Who do you think you are anyway
Just walk into my life and make such a pretty mess
Now that I've seen you for who you really are
Now that I'm gone - I'm out
I thank my lucky star

Just tell me I'm out of my mind
Tell me I'm way out of line
I am stronger now than you'll ever be
You can't beat me or defeat me
I win

No matter how hard you push to make me weep
No matter how far you go you won't get that from me
If u think that I care at all you better think again
Why the long face - surprised?
Well you shouldn't be my friend

Just tell me I'm out of my mind
Tell me I'm way out of line
I am stronger now than you'll ever be
You can't beat me or defeat me

There once was a time when you you owned me
completely
You messed up - I slipped out and now you've lost me
It feels good it's my life I live it as I like
Guards up let's see what you've got I am ready

Just tell me I'm out of my mind
Tell me I'm way out of line
I am stronger now than you'll ever be
You can't beat me or defeat me
I win
