Your presence your movements
Makes me feel alive
Your thoughtfulness your tenderness
Makes me warm inside
You've earned my trust
And for that I must be strong in return
'Cause of you I've found a steady ground
You are my all my everything
You are the lights when the dark closes in
When I reach for you then you are there
To lift me up when I'm down
Never have I had so much faith
Now I feel like my life begins I can hardly wait
Till I see you standing next to me
Then I know that you'll be there
Forever - say you'll never
Turn away from me
Say you'll be there
Say you'll need me
And I'll be there for you
You have more to show and I want to know
All your thoughts and all your dreams
With me you'll find your peace of mind
You are my all my everything
You are the lights when the dark closes in
When I reach for you then you are there
To lift me up when I'm down
Never have I had so much faith
Now I feel like my life begins I can hardly wait
Till I see you standing next to me
Then I know that you'll be there
When I'm with you I'm strong
This is where I belong
And if you'd ever leave
My heart will never heal
It's you I depend on to go on
To make my life complete
Lookin' in your eyes I see why I am
Givin' my all
You are my all my everything
You are the lights when the dark closes in
When I reach for you then you are there

To lift me up when I'm down
Never have I had so much faith
Now I feel like my life begins I can hardly wait
Till I see you standing next to me
Then I know that you'll be there
