Where are we now where do we go
What have we learned what do we know
Look at the signs what do they say go left - right - now
the other way
Check that map there's somethin' wrong
This can't be where we belong
When I'm with you I'm still alone the lights are on
- but nobody's home
Goin' round in circles we already found what we could
find
They say you get wiser when you get older baby
But we ain't got the time
We're right back where we started from
We begin where we begun
Deja-vu - everyday
We rewind when we replay it
We're losing it -can't get a grip- no controllin' it
We're goin' nowhere fast- goin'nowhere fast
I recognize this scenery you're still you and I'm still me
Ain't no difference nothin's changed
No matter how many times we rearrange
Before we can move forward we got to leave it all
behind
But maby we're up against a mountain that we can't
even climb
We're right back where we started from
We begin where we begun
Deja-vu - everyday
We rewind when we replay it
We're losing it -can't get a grip- no controllin' it
We're goin' nowhere fast- goin'nowhere fast
I'm goin' round in circles and it make me lose my mind
You get wiser when you get older baby but I ain't got
the time
They say when you love somethin' you should set it
free
But will it go in the right direction when you let it leave?
We're right back where we started from
We begin where we begun
Deja-vu - everyday
We rewind when we replay it
We're losing it -can't get a grip- no controllin' it

We-re goin' nowhere fast- goin'nowhere fast
