Spirits in the night  
Motion in the deep  
Waters running high  
Calling out to me  
Don't know what you want  
Don't know what you need  
Don't know if it's right  
This beauty in the night

Strange as it may seem  
My body leans on only you  
Strange as it may seem  
My body leans on only you  
Only you

Two ships in the dawn  
Two hands reaching for the spark  
Just to see what I will find in the dark

Strange as it may seem  
My body leans on only you  
Strange as it may seem  
My body leans on only you  
Only you

When I was a boy I dreamed a lot  
Of wonders I loved but soon forgot  
Now I'm old and the dreams have changed  
The palisade is all rearranged  
But if my body's a temple  
That's built from the ground  
And my soul is created by the shape of a sound  
Then all that I lost will soon be found

Strange as it may seem  
My body leans on only you  
Strange as it may seem  
My body leans on only you

Strange as we may be  
My body leans on only you

Strange as it may seem  
My body leans on only you  
Only you
